TEDDY ON HIS WAY

COLONEL IS GOING TO CHICAGO TO SEE ABOUT HIS CONTESTS.

TAFT GOT FOUR MORE

The President Won Third Oklanoma and Second Tennessee Delegates Friday.

Col. Theodore Roosevelt has at last decided to attend the Republican national convention at Chicago to see that he will get fair play and also to secure the Republican nomination for president. He announced today in a statement to the press that he will leave New York City at 5:30 o'clock this afternoon and will arrive in Chicago on Saturday afternoon. The colonel is not very much pleased with what the Republican national committee is doing.

The Republican national committee today gave two more districts to Taft, the third Oklahoma district and the second Tennessee district. The committee also decided the contests of the first South Carolina district and the first Tennessee district, but both these contests were between contending Taft delegations.

TODAY IS FLAG DAY.

Old Glory is 135 Years Old—W. R. C. to Observe Day Saturday.

Today is Flag day, the Stars and Stripes having become the official emblem of the United States 135 years ago. Flag day has been set aside in an effort to show affection for the national colors. The first organization to turn to the subject was the American Flag association, the motto of which is "One Flag, One Country, God Over All." Since the organization of this association in 1898 a consistent effort has been made to make the celebration of Flag day nation-wide. The date of Flag day was established as June 14, because, as will be readily recalled, that was the date on which congress adopted the United States flag in 1777.

The day was not observed in Maryville, but will be on Saturday by the W. R. C. They request that all business houses and residences be displayed with flags, and have also arranged for flags on all buses, drays and all transfer wagons. If any of the drivers of wagons around the city have been missed, they are requested to call at Capt. Charles Hyslop's office and get the flags.

The exercises of the Relief Corps will be held in the court house on Saturday evening at 8 o'clock. During the afternoon and evening a social is to be given there by the members of the corps. The program for the exercises follows:

He left Maryville Friday noon on the Wabash for Stanberry, where he will speak today.

CONVENES MONDAY

JUNE TERM OF CIRCUIT COURT IN SESSION NEXT WEEK.

PROBABLY NO JURY CASES

Except in Two Cases—Many Cases Will Go Over to the November Term of Court.

The June term of the Nodaway county circuit court will convene Monday, with Judge W. C. Ellison on the bench. There will probably be only two jury cases for trial, and they will be of the criminal docket. On the trial docket there will be no jury cases, as the court and attorneys of the bar decided, owing to the fact that the farmers are busy with their work. This has been the custom at the June term of court for many years, as it has been very hard to secure a jury and witnesses, owing to the rush of work of the farmers.

There are forty-nine parole cases on the docket that will be called Monday. On the equity docket there are thirty-nine cases. There are sixteen divorce cases and two naturalization cases. On the trial docket there are 125 cases.

The criminal docket is rather large for this term of court, there being thirty-one cases. There will probably be many pleas of guilty of persons charged with offenses, and if any jury cases is had at all it will be in the case of the state vs. Wood Gaulding, charged with grand larceny, and the case of the state vs. Charley and Bronson Taylor, charged with assault with intent to kill.

A LONG LOOK BACK

A ROSTER OF THE MEN WHO HAVE HEADED THE HIGH SCHOOL.

HAS MADE GREAT GROWTH

First Superintendent Chosen in 1874 First Principal in 1880—Used to Be Teacher of 1st Department.

Superintendent C. A. Hawkins of our city schools is having printed at The Democrat-Forum office the course of study of the Maryville public schools. It will be quite a nice publication when finished, as it will contain several things of general public interest.

There is a roster of the superintendenst of the school and the principals of the high school from the first school Maryville had in 1866 to the present time, and there will also be a complete list of the graduates of the Maryville high school from the first commencement in 1887.

Superintendent was called teacher of the first department till 1874, when he was called principal of school. He was first known officially as superintendent in 1875, and was regularly so called in 1879 and thereafter.

The principal was first called teacher of second department, then in 1874 was called teacher of first department, and in 1879 was called assistant principal of school. In 1880 and thereafter he was known as the principal of the high school.

The first superintendent of our schools was John Owens. He has been dead many years, and we could not find out anything concerning him. He served from 1866 to 1868. Those who came after him are as follows:

John Edwards, 1868-69; afterward became one of the best known lawyers in Northwest Missouri, and the Maryville bar has not had a more scholarly man. His death occurred in October, 1887.

John Owens served again from 1869 to 1870.

R. C. J. Adney, who served in the same company as Judge I. K. Alderman during the civil war, was superintendent from 1870 to 1871. He went to Maitland from here and returned again in 1872 and served as high school principal until 1873. He had several relatives in the Maitland country, and he has not been heard from by Maryville friends in many years.

Byron A. Dunn was superintendent from 1871 to 1875. He later became owner of the old Maryville Republican with the late Dr. H. E. Robinson, and still later with the late Byron E. Condon, continuing in that work many years in St. Joseph, Winona, Minn., and Waukeegan, Ill., where he now

The hotel and restaurant men of Maryville received this week the order of the state board of health abolishing the common towel, common drinking cup and common comb and brush. The order takes effect on Saturday, June 15.

The order was adopted by the state board on May 20, and is as follows:

"The use of the public drinking cup, towel, comb and brush is prohibited in all hotels and restaurants of the state on and after June 15, 1912, by order of the Missouri state board of health."

The new order was passed owing to the disease which lurks in the public drinking cup and the roller towel. The public cup has also been dispensed with by the railroads of the state.

The man who travels in Missouri will have to furnish his own comb and brush and drinking cup. Penny drinking cups will be on sale in places, and individual cloth or paper towels will be furnished in most of the common wash rooms.

Clairvoyant Bernay Will Be in Maryville 3 Days Each Week

Arrives Monday Noon and Remains Until Wednesday Night—Offices at 201 Fourth Street, Corner of Buchanan.

Mr. Bernay visits the cities and important towns in Missouri periodically. He is the principal of the St. Louis School of Practical Psychology and is recognized by press and public as the foremost and most brilliant life reader in existence.

Without asking a single question Bernay tells your full name, age, occupation, and gives advice and information on every subject of importance. If you are in doubt or trouble about business, speculation, investments, friends, enemies, courtship, love, marriage, divorce, sales of property, wills, deeds, hidden treasures, travels, changes, etc., you should consult Bernay.

You need not be a bit ashamed of the fact that you consult a clairvoyant. In this age of advancement only the ignorant scoff at this subject. When you can hardly pick up a magazine or newspaper without an article on occultism, when the world's most famous students, preachers, lawyers, statesmen, medical savants devote much of their valuable time to this subject—can you afford to scoff without investigating.

To consult with a clairvoyant of ability may mean fortune, wealth, domestic happiness to you. It does not conflict with common sense or religion. "The stars incline, but do not compel." If it's not in you to be a millionaire, Bernay cannot make you one. BUT—he can see every chance in your life, possibly the very chance that you would ignore and which will put you on the road to success and happiness.

Mr. Bernay may be consulted daily (except Sunday) at his strictly private offices at the corner of Fourth and Buchanan street from 10 a. m. to 9 p. m. His charges for consultations are $1.00 and $2.00. Everything strictly confidential.

VALUE OF NORMAL TO ST. JOSEPH

The following is an editorial from the St. Joseph News-Press:

How important the Northwest Normal school at Maryville is to St. Joseph was outlined by President Taylor of that institution at the Commerce club luncheon yesterday. It is aimed to make this school the civic heart of Northwest Missouri, its function being not merely to teach "book learning," but to be the potent agency which radiates the material as well as the intellectual uplift. The importance of the mission to improve the conditions of country life was demonstrated at the conference held at the school last week. There are numerous features to be supplied for country life before it approaches a realization of its possibilities. Hygiene and sanitation, crop rotation, seed testing, better methods, scientific farming, good roads, libraries, lectures, instruction, and other means of improvement, are matters that are on the program of this institution's activities.

And the more the latent possibilities of Northwest Missouri and its people are developed, the better it will be for St. Joseph, the metropolis and market town and the supply depot of this great region. Hence St. Joseph's interest in the Northwest Normal, and we are right glad that President Taylor has made plain its important relation to this city.

POLITICAL ANNOUNCEMENT.

For Sheriff.

We are authorized to announce Martin H. Borrusch of Polk township is a candidate for the nomination of sheriff of Nodaway county, subject to the decision of the Republican voters at the August primary.

Are the Statements of Maryville Citizens Not More Rliable Than Those of Utter Strangers?

This is a vital question.

It is fraught with interest to Maryville.

It permits of only one answer.

It cannot be evaded or ignored.

A Maryville citizen speaks here;

Speaks for the welfare of Maryville.

A citizen's statement is reliable.

An utter stranger's doubtful.

Home proof is the best proof.

FIVE STATES WILL PROTEST

Roosevelt Men Dissatisfied With National Committee Methods.

CALL NAGEL "POLITICAL DODGER"

Livingston County Republicans Roast Committeeman—Oregon and Maryland to Vote for T. R. Regardless of Convention.

Chicago, June 14.—Five states have joined the revolt against the methods of the Republican national committee.

Following the lead of Pennsylvania and West Virginia, the leaders of which declared the Republican presidential electors would vote for Theodore Roosevelt, even should President Taft become the "steam roller" nominee, Maryland, Indiana and Oregon through the Roosevelt leaders, made similar pledges.

The pledges were made at a meeting of the Roosevelt leaders and delegates including Gov. Stubbs of Kansas, Gov. Glasscock of West Virginia and delegates from a dozen or more states.

Edward C. Carrigan, Jr., of Baltimore, Roosevelt leader in Maryland, showed a telegram from seven of the Maryland electors, pledging themselves to stick to Roosevelt regardless of the action of the national committee.

H. W. Coe and Bruce Dennis of Oregon followed with the declaration that their state electors would stick by Roosevelt through thick and thin.

Linn County Protests.

Brookfield, Mo., June 14.—A numerously signed remonstrance has been circulated here and will be sent to Gov. Hadley at Chicago immediately with the request that he use it to inform the Republican national committee that the people of this county, regardless of political belief, are disgusted with the actions of the men who have stood high in the estimation of the Republican party.

Sore at Nagel.

Chillicothe, Mo., June 14.—A rousing meeting of Republicans of Livingston county met in the courthouse here and adopted resolutions containing the following:

"That we deplore the action taken by our national committeeman, Charles Nagel. That we class him as a political dodger and without the moral courage to stand up for the rights of the majority."

VOLCANO INJURES BIG GUNS

Soldiers Find Acid and Gas From Eruption Corrodes Cannon in Forts.

Seattle, Wash., June 14.—The acid discharged by the volcano during the 48 hours it was spouting has spread through the air as far as the Puget Sound country. The soldiers at the coast defense forts at the entrance to the sound have been kept busy since Wednesday polishing the big guns, which showed the corrosive effect of the acid.

PIPE LINES MUST FILE RATES

ALL ARE GIVEN TILL SEPTEMBER 1 TO COMPLY.

Interstate Commerce Commission Rules They Are Common Carriers —Includes Kansas Companies.

Washington, June 14.—Pipe lines transporting oil in interstate commerce were held to be common carriers by the interstate commerce commission and subject to the commerce act, even though the lines be on privately acquired rights of way and carry their own oil. The commission ruled the business is not divested of its interstate character by placing the ownership of the lines in a different corporation in each state through which the transportation is made, transferring title to each of such corporations, with the entrance of oil into the pipe lines of one state corporation from those of another.

The commission ordered 13 of the largest oil pipe lines to file schedules of rates by September 1, and to comply with the provisions of the interstate commerce act.

The pipe lines against which the commission's order is directed are:

Oklahoma Pipe Line company, Prairie Oil and Gas company, Standard Oil company of Louisiana, Ohio Oil company, Standard Oil company of New Jersey, Tidewater Pipe company, Limited; Producers' and Refiners' Oil company, Limited; United States Pipe Line company, Pure Oil company, Pure Oil Pipe Line company, National Pipe Line company, Uncle Sam Oil company and Uncle Sam Oil company of Kansas.

Legislation in particular states was not considered by the commission.

Prison for Bootleggers.

Muskogee, Ok., June 14.—The United States district attorney, W. J. Gregg, announced that he is going to insist on terms of two and three years in the penitentiary for bootleggers, although the minimum penalty is 60 days in jail and a fine of $100.

FARMERS PROPOSE NEW PARTY

Kansas Town Has Petition Asking That Roosevelt and Bryan Unite all Progressives.

Hepler, Kan., June 14.—The politicians in Chicago are not the only ones who are considering the advisability of a new party. The citizens of this little town in Crawford county, and the farmers of this vicinity are agreed that the time is ripe for such action.

A petition was signed here by 30 Republicans and Democrats asking Roosevelt and Bryan to join in a movement to unite all progressives under one banner.

Meeting of Flag Association.

New York, June 14.—This being the 135th anniversary of the adoption of the stars and stripes, the American Flag association held its annual meeting in the governor's room at the city hall. The president, Col. Ralph E. Prime, spoke feelingly of the deaths of Admiral Schley and General Fred Grant, two of the association's vice presidents, and of Maj. Noel Blakeman, the treasurer. He then discussed at length matters relating to the protection of the flag from desecration and insult. The present officers were re-elected, with the addition of Admiral P. P. Harrington and Maj. J. Langdon Ward to fill the vacancies among the vice presidents and Lieut. Col. Frank C. Loveland as treasurer.

To Prison Again for Life.

Savannah, Mo., June 14.—Enos Stoner, once saved from spending his life in prison for murder in Ralls county when he was pardoned by Gov. A. M. Dockery, was sentenced to the same fate again. A jury found him guilty of the murder of W. R. Lykins, a deputy sheriff, and fixed his punishment at life imprisonment.

Officer Shot a Striker.

Perth Amboy, N. J., June 14.—Deputy sheriffs and the strikers of the American Smelting and Refining company clashed again and, although the officers all say they shot in the air, one of the strikers was wounded. Several of the deputies were slightly injured before the disorder was quelled.

Delay for Packers.

Jefferson City, June 14.—After the introduction of about 7,500 pages of the testimony taken in the government's criminal proceedings against the packers at Chicago, the state's ouster proceedings went over until June 27, when the packers will introduce their evidence if they decide to do so.

Miss Miranda Gingrich, living west of Maryville, returned Thursday from a few days' visit with her sister, Mrs. Fred Winnell of near Wilcox. She was accompanied by her small nephew, Carl Winnell.

TASTE, SMELL AND HEARING RESTORED

A Simple, Harmless Remedy Quickly Relieves Catarrhal Deafness.

The thousands who suffer the miseries of colds and catarrh and claim they have never found a cure can get instant relief by simply anointing the nostrils with Ely's Cream Balm.

Unlike internal medicines which upset the stomach, or strong snuffs which only aggravate the trouble, this cleansing, healing, antiseptic Balm instantly reaches the seat of the trouble, stops the nasty discharge, clears the nose, head and throat, and brings back the sense of taste, smell and improves the hearing. More than this, it strengthens the weakened and diseased tissues, thus protecting you against a return of the trouble. This remedy will cure a cold in a day, and prevent its becoming chronic or resulting in catarrh.

Nasal catarrh is an inflammation of the membrane lining the air passages, and cannot be reached by mixtures taken into the stomach, nor can it be cured by snuffs and powders which only cause additional irritation. Don't waste time on them. Get a 50 cent bottle of Ely's Cream Balm from your druggist, and after using it for a day you will wish you had tried it sooner.

Mothers should give the children Ely's Cream Balm for colds and croup. It is perfectly harmless, and pleasant to take.

CLAIM DARROW HID A WITNESS

Mrs. David Caplan Center of Interest at Trial.

WAS KEPT FROM TESTIFYING

Bribery Charge Against Labor Attorney Almost Lost Sight of in Effort to Show Up Fraud.

Los Angeles, June 14.—The jury bribery charge on which Clarence S. Darrow is being tried was almost completely lost sight of in the effort of the prosecution to show that Mrs. David Caplan was one of the McNamara witnesses whom Darrow had conspired corruptly to prevent from testifying, through Anton Johannsen and Olaf A. Tveitmoe, labor leaders of San Francisco.

There was a marked difference in the viewpoints of the opposing sides as to the alleged spiriting away from San Francisco of the wife and children of one of the men indicted with the McNamaras on the charge of blowing up the Times building.

Difference in Viewpoint.

As seen by the prosecution, Mrs. Caplan was a material witness for the prosecution in the McNamara case who had been surreptitiously taken first to an isolated mountain retreat some distance from San Francisco and later by automobile to Reno, Nev., accompanied by Johannsen.

As pictured by the defense it was a woman toiling in midsummer in a San Francisco sweatshop to support her two little children, harassed by private detectives until she had appealed twice to the chief of police for protection, finally "hounded out of her position" and then taken in charge by friends.

Could Not be Used.

The strongest points made by the defense, however, in this connection was that Mrs. Caplan, as the wife of a co-defendant, could not have been a witness in the McNamara case; that if she could have been viewed as a competent witness her services were never required, and that the time of the occurrence was two months prior to the beginning of the trial of James B. McNamara.

The defense made strong objections to the admission of the testimony of Malcolm Loughead, the chauffeur who said on the stand that he had been hired by Olaf A. Tveitmoe to take Mrs. Caplan from San Francisco to Reno.

Rogers offered to put Johannsen, then present in the court room, on the stand and also to produce Tveitmoe who, he said, was in the city, to combat the avowal of the prosecution, but the court would not allow it.

"Clean-Up Day at Graham.

The Woman's Civic League of Graham is in the midst of its "clean-up campaign" Friday. Everybody is getting out of the way and they are having full sway there today. The rain interfered with their work somewhat in the morning, but the skies cleared up sufficient to let them go on. One Graham woman who was in Maryville the other day said that she felt like going home and cleaning up the town or something after seeing Maryville's dirty streets. That ought to make us feel ashamed. And it does. Our streets are dirty—so dirty that it's a wonder somebody doesn't have typhoid fever from them, or tuberculosis. Our mayor and city council can't help but know how dirty they are, but they just keep right on doing nothing about it. Waiting for the women to do it, we suppose.

Dinner for Miss Petty.

Mr. and Mrs. Joseph Jackson, Jr., entertained with a 6 o'clock dinner Thursday evening for Miss Hazel Petty, who will be married Saturday evening to Mr. Joel Hayden. On Friday evening Miss Petty will be the honor guest at another dinner party by her sister, Mrs. Roy Curfman. The guests will include Mr. and Mrs. Joseph Jackson, Jr., and their dinner guests of Thursday evening, and Mr. Frank Scribner of Wallingford, Vt., and Miss Helen Smith of Stanberry.

J. C. Hocker of Santa Barbara, Cal., was in Maryville Friday with his brother, Roxey Hocker of Guilford.

FRECKLES

Don't Hide Them With a Veil: Remove Them With the New Drug.

An eminent skin specialist recently discovered a new drug, othine—double strength, which is so uniformly successful in removing freckles and giving a clear, beautiful complexion that it is sold by any first class druggist under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first night's use will show a wonderful improvement, some of the lighter freckles vanishing entirely. It is absolutely harmless, and cannot injure the most tender skin.

Be sure to ask for the double strength othine; it is this that is sold on the money back guarantee.

TEDDY ON HIS WAY

COLONEL IS GOING TO CHICAGO TO SEE ABOUT HIS CONTESTS.

TAFT GOT FOUR MORE

The President Won Third Oklahoma and Second Tennessee Delegates Friday.

Col. Theodore Roosevelt has at last decided to attend the Republican national convention at Chicago to see that he will get fair play and also to secure the Republican nomination for president. He announced today in a statement to the press that he will leave New York City at 5:30 o'clock this afternoon and will arrive in Chicago on Saturday afternoon. The colonel is not very much pleased with what the Republican national committee is doing.

The Republican national committee today gave two more districts to Taft, the third Oklahoma district and the second Tennessee district. The committee also decided the contests of the first South Carolina district and the first Tennessee district, but both these contests were between contending Taft delegations.

DIVORCE SUIT FILED.

First One for the November Term of Circuit Court—Suit Against Elmo Improvement Co.

The first divorce suit filed for the November term of circuit court is that of Martha E. Steen vs. Charles N. Steen. The petition states that they were married on May 7, 1876, and lived together until June 23, 1903, when defendant left plaintiff without consent and a reasonable cause and has not provided for her maintenance or support. Shinabargar, Blagg & Ellison are the attorneys.

The other suit filed Friday was that af the Coin Lumber company vs. the Elmo Improvement and Business company, a Joe Younger corporation. It alleges in the petition that the company bought some material from the Coin, Ia., lumber yard amounting to $403 which remains unpaid. TODAY IS FLAG DAY.

Old Glory is 135 Years Old—W. R. C. to Observe Day Saturday.

Today is Flag day, the Stars and Stripes having become the official emblem of the United States 135 years ago. Flag day has been set aside in an effort to show affection for the national colors. The first organization to turn to the subject was the American Flag association, the motto of which is "One Flag, One Country, God Over All." Since the organization of this association in 1898 a consistent effort has been made to make the celebration of Flag day nation-wide. The date of Flag day was established as June 14, because, as will be readily recalled, that was the date on which congress adopted the United States flag in 1777.

The day was not observed in Maryville, but will be on Saturday by the W. R. C. They request that all business houses and residences be displayed with flags, and have also arranged for flags on all buses, drays and all transfer wagons. If any of the drivers of wagons around the city have been missed, they are requested to call at Capt. Charles Hyslop's office and get the flags.

The exercises of the Relief Corps will be held in the court house on Saturday evening at 8 o'clock. During the afternoon and evening a social is to be given there by the members of the corps. The program for the exercises follows:

Elliott W. Major, attorney general, and a candidate for the Democratic nomination for governor, spoke at the court house Thursday evening in the interest of his candidacy. There was a fair sized crowd present and the speech was received with favor by many. Mr. Major had a meeting at Hopkins on Thursday afternoon which was largely attended. He left Maryville Friday noon on the Wabash for Stanberry, where he will speak today.

Miss Nellie Wray and her brother, Walter Wray, who came home a few days ago from Northwestern university, where he has finished his second year, left Friday for Des Moines, Ia., to visit Mr. and Mrs. M. M. Deming, formerly of this city, a few days. They will then go to Chicago to visit their cousins, Mr. and Mrs. Leon Wood, and later to Milwaukee to visit other cousins, Mr. and Mrs. E. R. Sanford.

CONVENES MONDAY

JUNE TERM OF CIRCUIT COURT IN SESSION NEXT WEEK.

PROBABLY NO JURY CASES

Except in Two Cases—Many Cases Will Go Over to the November Term of Court.

The June term of the Nodaway county circuit court will convene Monday, with Judge W. C. Ellison on the bench. There will probably be only two jury cases for trial, and they will be of the criminal docket. On the trial docket there will be no jury cases, as the court and attorneys of the bar decided, owing to the fact that the farmers are busy with their work. This has been the custom at the June term of court for many years, as it has been very hard to secure a jury and witnesses, owing to the rush of work of the farmers.

There are forty-nine parole cases on the docket that will be called Monday. On the equity docket there are thirty-nine cases. There are sixteen divorce cases and two naturalization cases. On the trial docket there are 125 cases.

The criminal docket is rather large for this term of court, there being thirty-one cases. There will probably be many pleas of guilty of persons charged with offenses, and if any jury cases is had at all it will be in the case of the state vs. Wood Gaulding, charged with grand larceny, and the case of the state vs. Charley and Bronson Taylor, charged with assault with intent to kill.

A LONG LOOK BACK

A ROSTER OF THE MEN WHO HAVE HEADED THE HIGH SCHOOL.

HAS MADE GREAT GROWTH

First Superintendent Chosen in 1874 First Principal in 1880—Used to Be Teacher of 1st Department.

Superintendent C. A. Hawkins of our city schools is having printed at The Democrat-Forum office the course of study of the Maryville public schools. It will be quite a nice publication when finished, as it will contain several things of general public interest.

There is a roster of the superintendenst of the school and the principals of the high school from the first school Maryville had in 1866 to the present time, and there will also be a complete list of the graduates of the Maryville high school from the first commencement in 1887.

Superintendent was called teacher of the first department till 1874, when he was called principal of school. He was first known officially as superintendent in 1875, and was regularly so called in 1879 and thereafter.

The principal was first called teacher of second department, then in 1874 was called teacher of first department, and in 1879 was called assistant principal of school. In 1880 and thereafter he was known as the principal of the high school.

The first superintendent of our schools was John Owens. He has been dead many years, and we could not find out anything concerning him. He served from 1866 to 1868. Those who came after him are as follows:

John Edwards, 1868-69; afterward became one of the best known lawyers in Northwest Missouri, and the Maryville bar has not had a more scholarly man. His death occurred in October, 1887.

John Owens served again from 1869 to 1870.

R. C. J. Adney, who served in the same company as Judge I. K. Alderman during the civil war, was superintendent from 1870 to 1871. He went to Maitland from here and returned again in 1872 and served as high school principal until 1873. He had several relatives in the Maitland country, and he has not been heard from by Maryville friends in many years.

Byron A. Dunn was superintendent from 1871 to 1875. He later became owner of the old Maryville Republican with the late Dr. H. E. Robinson, and still later with the late Byron E. Condon, continuing in that work many years in St. Joseph, Winona, Minn., and Waukeegan, Ill., where he now

NEW ORDER OF STATE BOARD OF HEALTH RECEIVED HERE.

HOTEL AND RESTAURANT

Are Affected and All Common Towels, Public Drinking Cups and Combs and Brushes Must Go.

The hotel and restaurant men of Maryville received this week the order of the state board of health abolishing the common towel, common drinking cup and common comb and brush. The order takes effect on Saturday, June 15.

The order was adopted by the state board on May 20, and is as follows:

"The use of the public drinking cup, towel, comb and brush is prohibited in all hotels and restaurants of the state on and after June 15, 1912, by order of the Missouri state board of health."

The new order was passed owing to the disease which lurks in the public drinking cup and the roller towel. The public cup has also been dispensed with by the railroads of the state.

The man who travels in Missouri will have to furnish his own comb and brush and drinking cup. Penny drinking cups will be on sale in places, and individual cloth or paper towels will be furnished in most of the common wash rooms.

Clairvoyant Bernay Will Be in Maryville 3 Days Each Week

Arrives Monday Noon and Remains Until Wednesday Night—Offices at 201 Fourth Street, Corner of Buchanan.

Mr. Bernay visits the cities and important towns in Missouri periodically. He is the principal of the St. Louis School of Practical Psychology and is recognized by press and public as the foremost and most brilliant life reader in existence.

Without asking a single question Bernay tells your full name, age, occupation, and gives advice and information on every subject of importance. If you are in doubt or trouble about business, speculation, investments, friends, enemies, courtship, love, marriage, divorce, sales of property, wills, deeds, hidden treasures, travels, changes, etc., you should consult Bernay.

You need not be a bit ashamed of the fact that you consult a clairvoyant. In this age of advancement only the ignorant scoff at this subject. When you can hardly pick up a magazine or newspaper without an article on occultism, when the world's most famous students, preachers, lawyers, statesmen, medical savants devote much of their valuable time to this subject—can you afford to scoff without investigating.

To consult with a clairvoyant of ability may mean fortune, wealth, domestic happiness to you. It does not conflict with common sense or religion. "The stars incline, but do not compel." If it's not in you to be a millionaire, Bernay cannot make you one. BUT—he can see every chance in your life, possibly the very chance that you would ignore and which will put you on the road to success and happiness.

Mr. Bernay may be consulted daily (except Sunday) at his strictly private offices at the corner of Fourth and Buchanan street from 10 a. m. to 9 p. m. His charges for consultations are $1.00 and $2.00. Everything strictly confidential.

The following is an editorial from the St. Joseph News-Press:

How important the Northwest Normal school at Maryville is to St. Joseph was outlined by President Taylor of that institution at the Commerce club luncheon yesterday. It is aimed to make this school the civic heart of Northwest Missouri, its function being not merely to teach "book learning," but to be the potent agency which radiates the material as well as the intellectual uplift. The importance of the mission to improve the conditions of country life was demonstrated at the conference held at the school last week. There are numerous features to be supplied for country life before it unproaches a realization of its possibilities. Hygiene and sanitation, crop rotation, seed testing, better methods, scientific farming, good roads, libraries, lectures, instruction, and other means of improvement, are matters that are on the program of this institution's activities.

And the more the latent possibilities of Northwest Missouri and its people are developed, the better it will be for St. Joseph, the metropolis and market town and the supply depot of this great region. Hence St. Joseph's interest in the Northwest Normal, and we are right glad that President Taylor has made plain its important relation to this city.

lives. He has written several books of war and romance, founded on his personal knowledge of civil war history that have met a large sale. All of them are on the shelves of our city library. Mr. Dunn is a brother of F. I. Dunn, the Bolckow banker.

W. E. Coleman was superintendent from 1875 to 1876. He was later elected superintendent of the schools of Missouri. His death occurred several years ago. His first wife was a sister of G. B. and O. L. Holmes of this city.

W. A. Charles was superintendent from 1876 to 1881. He has been engaged in the real estate business in Portland, Ore., for many years. Mr. Charles is the youngest brother of J. L. Charles, living southwest of Maryville.

E. T. Carr was superintendent from 1881 to 1882. He went to Council Bluffs from Maryville and practiced law. His death occurred some years ago.

D. L. Chaney, for many years a resident of Hopkins, conducted a private school in Maryville from September, 1882, to January, 1883, while the school building, replaced two years ago by our present magnificent high school building, was being completed. He also served as superintendent from 1883 to 1884.

Professor E. J. H. Beard served from 1884 to 1892, when he went to take charge of the Newton, Ia., schools, where he still serves. His daughter, Miss Vesta, is one of his high school teachers.

A. E. Clarendon's term was from 1892 to 1896. He went to the Omaha schools from Maryville, and his present location is unknown.

Professor B. F. Duncan of this city was superintendent of our schools from 1896 to 1901, and principal of the high school during 1895-6. He was a member of the faculty of the old Maryville seminary for several years and was a member of the Northwest Normal faculty the first two years of its life.

L. M. Dougan, who came here from New York, was superintendent for the year 1901-2. He went from here to the St. Louis schools. His present location is not known.

C. M. Lieb was superintendent a year and a half—1902 to January, 1904. He left to take charge of the schools at Paducah, Ky., where he remained for several years. He gave up school work for plantation life in Louisiana, just across from Vicksburg, Miss., then for country life in Arkansas. He has again taken up school work and is superintendent of the schools at Henrietta, Okla.

Our present superintendent, C. A. Hawkins, succeeded Mr. Lieb to the superintendency in January, 1904, and has continued to the present time—1912—a period of eight years. Mr. Hawkins had served the eight previous years—1896 to 1904—as principal of the high school.

Judge Ira K. Alderman of this city was principal of the high school one year—1866-67. He gave this up to begin the practice of law, and was in 1868 elected probate judge of the county.

Dr. S. C. McCluskey of this city was one of the pioneer educators of the county, as well as a physician. He was principal of the high school from 1867-70, and also served some time as county superintendent of schools.

John Schenck came from Savannah and succeeded Mr. McCluskey in 1870-71. He became a permanent citizen and was a lawyer, abstract writer and justice of the peace of Maryville until two years ago, when his death occurred in this city.

I. S. Ware was principal from 1871-72. He later entered the Methodist Episcopal church ministry and is now pastor of the First M. E. church of Helena, Mont. He is a brother of Mrs. George W. Null of this city.

J. V. Embree, the well known farmer living two miles southwest of Maryville, was principal of the high school from 1873 to 1877, and again in 1880-81. He was also a member of the faculty of Cherry & Embree's academy, and of the summer Normal schools for teachers until he finally retired to his farm.

Rev. P. K. Dibble was principal of the high school in 1877-78, and at the same time pastor of the Christian church. He and his family afterward located in California, where he preached many years.

L. G. Mickles, principal of the high school, 1878 to January, 1879. He went to the east from here and was in the insurance business until his death about fifteen years ago in New York.

Mrs. E. P. Powell, who had taught in the grades several years, succeeded Mr. Mickles as principal until June, 1879. She went to Texas later, and is now a teacher in Oklahoma.

S. O. Hutchison, with the Acetylene Light company of this city, has served twice as principal of the high school, 1879-80 and January, 1882, to June 1882.

William F. Williamson, principal, 1881 to January, 1882. Nothing could be learned of him.

James Donovan, principal, January, 1883, to June, 1883. He went into politics soon after leaving Maryville, having settled in Montana. He was elected attorney general of the state and served one term. He is now living in Washington.

F. D. Davis was principal 1883-84. He later engaged in teaching in Oklahoma, where his death occurred.

W. W. Walters, principal of the high school, 1891-94. He is now superintendent of one of the schools of St. Louis.

ANSWER IT HONESTLY.

Are the Statements of Maryville Citizens Not More Rliable Than Those of Utter Strangers?

This is a vital question.

It is fraught with interest to Maryville.

It permits of only one answer.

It cannot be evaded or ignored.

A Maryville citizen speaks here;

Speaks for the welfare of Maryville.

A citizen's statement is reliable.

An utter stranger's doubtful.

Home proof is the best proof.

FIVE STATES WILL PROTEST

Roosevelt Men Dissatisfied With National Committee Methods.

CALL NAGEL "POLITICAL DODGER"

Livingston County Republicans Roast Committeeman—Oregon and Maryland to Vote for T. R. Regardless of Convention.

Chicago, June 14.—Five states have joined the revolt against the methods of the Republican national committee. Following the lead of Pennsylvania and West Virginia, the leaders of which declared the Republican presidential electors would vote for Theodore Roosevelt, even should President Taft become the "steam roller" nominee, Maryland, Indiana and Oregon through the Roosevelt leaders, made similar pledges.

The pledges were made at a meeting of the Roosevelt leaders and delegates including Gov. Stubbs of Kansas, Gov. Glasscock of West Virginia and delegates from a dozen or more states.

Edward C. Carrigan, Jr., of Baltimore, Roosevelt leader in Maryland, showed a telegram from seven of the Maryland electors, pledging themselves to stick to Roosevelt regardless of the action of the national committee.

H. W. Coe and Bruce Dennis of Oregon followed with the declaration that their state electors would stick by Roosevelt through thick and thin.

Linn County Protests.

Brookfield, Mo., June 14.—A numerously signed remonstrance has been circulated here and will be sent to Gov. Hadley at Chicago immediately with the request that he use it to inform the Republican national committee that the people of this county, regardless of political belief, are disgusted with the actions of the men who have stood high in the estimation of the Republican party.

Sore at Nagel.

Chillicothe, Mo., June 14.—A rousing meeting of Republicans of Livingston county met in the courthouse here and adopted resolutions containing the following:

"That we deplore the action taken by our national committeeman, Charles Nagel. That we class him as a political dodger and without the moral courage to stand up for the rights of the majority."

VOLCANO INJURES BIG GUNS

Soldiers Find Acid and Gas From Eruption Corrodes Cannon in Forts.

Seattle, Wash., June 14.—The acid discharged by the volcano during the 48 hours it was spouting has spread through the air as far as the Puget Sound country. The soldiers at the coast defense forts at the entrance to the sound have been kept busy since Wednesday polishing the big guns, which showed the corrosive effect of the acid.

PIPE LINES MUST FILE RATES

ALL ARE GIVEN TILL SEPTEMBER 1 TO COMPLY.

Interstate Commerce Commission Rules They Are Common Carriers —Includes Kansas Companies.

Washington, June 14.—Pipe lines transporting oil in interstate commerce were held to be common carriers by the interstate commerce commission and subject to the commerce act, even though the lines be on privately acquired rights of way and carry their own oil. The commission ruled the business is not divested of its interstate character by placing the ownership of the lines in a different corporation in each state through which the transportation is made, transferring title to each of such corporations, with the entrance of oil into the pipe lines of one state corporation from those of another.

The commission ordered 13 of the largest oil pipe lines to file schedules of rates by September 1, and to comply with the provisions of the interstate commerce act.

The pipe lines against which the commission's order is directed are: Oklahoma Pipe Line company, Prairie Oil and Gas company, Standard Oil company of Louisiana, Ohio Oil company, Standard Oil company of New Jersey, Tidewater Pipe company, Limited; Producers' and Refiners' Oil company, Limited; United States Pipe Line company, Pure Oil company, Pure Oil Pipe Line company, National Pipe Line company, Uncle Sam Oil company and Uncle Sam Oil company of Kansas.

Legislation in particular states was not considered by the commission.

Prison for Bootleggers.

Muskogee, Ok., June 14.—The United States district attorney, W. J. Gregg, announced that he is going to insist on terms of two and three years in the penitentiary for bootleggers, although the minimum penalty is 60 days in jail and a fine of $100.

FARMERS PROPOSE NEW PARTY

Kansas Town Has Petition Asking That Roosevelt and Bryan Unite all Progressives.

Hepler, Kan., June 14.—The politicians in Chicago are not the only ones who are considering the advisability of a new party. The citizens of this little town in Crawford county, and the farmers of this vicinity are agreed that the time is ripe for such action.

A petition was signed here by 30 Republicans and Democrats asking Roosevelt and Bryan to join in a movement to unite all progressives under one banner.

Meeting of Flag Association.

New York, June 14.—This being the 135th anniversary of the adoption of the stars and stripes, the American Flag association held its annual meeting in the governor's room at the city hall. The president, Col. Ralph E. Prime, spoke feelingly of the deaths of Admiral Schley and General Fred Grant, two of the association's vice presidents, and of Maj. Noel Blakeman, the treasurer. He then discussed at length matters relating to the protection of the flag from desecration and insult. The present officers were re-elected, with the addition of Admiral P. P. Harrington and Maj. J. Langdon Ward to fill the vacancies among the vice presidents and Lieut. Col. Frank C. Loveland as treasurer.

To Prison Again for Life.

Savannah, Mo., June 14.—Enos Stoner, once saved from spending his life in prison for murder in Ralls county when he was pardoned by Gov. A. M. Dockery, was sentenced to the same fate again. A jury found him guilty of the murder of W. R. Lykins, a deputy sheriff, and fixed his punishment at life imprisonment.

Officer Shot a Striker.

Perth Amboy, N. J., June 14.—Deputy sheriffs and the strikers of the American Smelting and Refining company clashed again and, although the officers all say they shot in the air, one of the strikers was wounded. Several of the deputies were slightly injured before the disorder was quelled.

Delay for Packers.

Jefferson City, June 14.—After the introduction of about 7,500 pages of the testimony taken in the government's criminal proceedings against the packers at Chicago, the state's ouster proceedings went over until June 27, when the packers will introduce their evidence if they decide to do so.

Miss Miranda Gingrich, living west of Maryville, returned Thursday from a few days' visit with her sister, Mrs. Fred Winnell of near Wilcox. She was accompanied by her small nephew, Carl Winnell.

More than this, it strengthens the weakened and diseased tissues, thus protecting you against a return of the trouble. This remedy will cure a cold in a day, and prevent its becoming chronic or resulting in catarrh.

Nasal catarrh is an inflammation of the membrane lining the air passages, and cannot be reached by mixtures taken into the stomach, nor can it be cured by snuffs and powders which only cause additional irritation. Don't waste time on them. Get a 50 cent bottle of Ely's Cream Balm from your druggist, and after using it for a day you will wish you had tried it sooner.

Mothers should give the children Ely's Cream Balm for colds and croup. It is perfectly harmless, and pleasant to take.

CLAIM DARROW HID A WITNESS

Mrs. David Caplan Center of Interest at Trial.

WAS KEPT FROM TESTIFYING

Bribery Charge Against Labor Attorney Almost Lost Sight of in Effort to Show Up Fraud.

Los Angeles, June 14.—The jury bribery charge on which Clarence S. Darrow is being tried was almost completely lost sight of in the effort of the prosecution to show that Mrs. David Caplan was one of the McNamara witnesses whom Darrow had conspired corruptly to prevent from testifying, through Anton Johannsen and Olaf A. Tveitmoe, labor leaders of San Francisco.

There was a marked difference in the viewpoints of the opposing sides as to the alleged spiriting away from San Francisco of the wife and children of one of the men indicted with the McNamaras on the charge of blowing up the Times building.

Difference in Viewpoint.

As seen by the prosecution, Mrs. Caplan was a material witness for the prosecution in the McNamara case who had been surreptitiously taken first to an isolated mountain retreat some distance from San Francisco and later by automobile to Reno, Nev., accompanied by Johannsen.

As pictured by the defense it was a woman toiling in midsummer in a San Francisco sweatshop to support her two little children, harassed by private detectives until she had appealed twice to the chief of police for protection, finally "hounded out of her position" and then taken in charge by friends.

Could Not be Used.

The strongest points made by the defense, however, in this connection was that Mrs. Caplan, as the wife of a co-defendant, could not have been a witness in the McNamara case; that if she could have been viewed as a competent witness her services were never required, and that the time of the occurrence was two months prior to the beginning of the trial of James B. McNamara.

The defense made strong objections to the admission of the testimony of Malcolm Loughead, the chauffeur who said on the stand that he had been hired by Olaf A. Tveitmoe to take Mrs. Caplan from San Francisco to Reno.

Rogers offered to put Johannsen, then present in the court room, on the stand and also to produce Tveitmoe who, he said, was in the city, to combat the avowal of the prosecution, but the court would not allow it.

"Clean-Up Day at Graham.

The Woman's Civic League of Graham is in the midst of its "clean-up campaign" Friday. Everybody is getting out of the way and they are having full sway there today. The rain interfered with their work somewhat in the morning, but the skies cleared up sufficient to let them go on. One Graham woman who was in Maryville the other day said that she felt like going home and cleaning up the town or something after seeing Maryville's dirty streets. That ought to make us feel ashamed. And it does. Our streets are dirty—so dirty that it's a wonder somebody doesn't have typhoid fever from them, or tuberculosis. Our mayor and city council can't help but know how dirty they are, but they just keep right on doing nothing about it. Waiting for the women to do it, we suppose.

J. C. Hocker of Santa Barbara, Cal., was in Maryville Friday with his brother, Roxey Hocker of Guilford.
